EDUCATION

Diploma in Computer Engineering | 2020-2023
Atmiya University, Rajkot

Full-Stack Web Development | 2023-2024
Red & White Multimedia Education, Rajkot

SKILLS

- HTML
- CSS
- JavaScript
- Bootstrap
- React JS
- Tailwind CSS
- Node JS
- Express JS
- Mongo DB
- REST API
- Meterial UI

PROJECTS

Real-time Chat Web Application

- *Developed a responsive real-time chat application using React.js and Firebase for seamless messaging. Implemented Firebase Authentication for secure user login and Firestore Database for real-time message storage and retrieval. Integrated features like user presence status, message timestamps, and media sharing to enhance user experience. Ensured a smooth UI with React hooks and Firebase SDK, enabling efficient, real-time communication.*

Online Learning Platform

- Built a full-stack Online Learning Platform using React.js, Node.js, Express.js, and MongoDB, enabling users to enroll in courses and track their progress. Implemented ShadCN UI for a modern, responsive design and Cloudinary for efficient media storage. Integrated JWT authentication for secure user access and PayPal payment gateway for seamless transactions. Developed admin and user dashboards for course management, user roles, and analytics, utilizing global state management for smooth navigation and data flow.

Deep's Ecommerce

- Developed a feature-rich E-Commerce platform using React.js, Node.js, Express.js, and MongoDB, with state management handled by Redux Toolkit and RTK Query. Integrated Stripe payment gateway for secure transactions and Cloudinary for optimized product image storage. Implemented order tracking, allowing users to monitor their purchases in real time. Built admin and user dashboards for efficient user management, product management, and order processing, ensuring a seamless shopping experience.
